

## **PRE-SURGICAL CLINIC**

**519-749-4254**

Your pre-surgical appointment should be booked on a date that is at least two to four weeks before your surgery. If you are unable to attend your scheduled appointment, please notify the clinic at least 48 hours in advance.

**\*\*You will be given important instructions for the day of your operation at the clinic. If you do not attend your clinic appointment, your surgery may be cancelled.\*\***

If you are scheduled for knee or hip replacement surgery, or need a pre-anesthetic consult, your assessment may be longer. Please be prepared to spend three to four hours at the clinic.

On the day of your appointment, please bring the following items with you:

- The completed pre-admission record
- The completed pre-anesthetic patient questionnaire (if you need help filling this out, our staff is happy to help you)
- Any medications you are taking, including vitamins and herbal supplements, in their original containers
- Your provincial health card
- Any other documents your doctor has given you
- A parent or legal guardian must accompany children under the age of 16

When you arrive for your appointment please report to patient registration on Floor 2 to register first. There is an information desk in the main lobby staffed by volunteers who will be glad to assist you if you require directions.

Please have your health card ready to avoid delays. Once you have registered, you will be directed to the pre-surgical clinic for your appointment.
